Keynote Speakers

Allen J. Scott

Distinguished Research Professor, UCLA, Los Angeles.

For the last several years, Professor Scott's research has been focused on issues of industrialization, urbanization, and regional development. This research has involved extensive theoretical and empirical work. Most recently, he has been researching the origins and development of high-technology industry in Southern California, and the policy predicaments thrown into relief by the recent crisis of the region's aerospace-defense industry in the post-Cold War era.

A Fellow of the Royal Statistical Society and a Guggenheim and Fulbright Fellow, Dr. Scott has been a visiting scholar at Zhongshan University in the People's Republic of China, the University of Paris, the University of Hong Kong and the University of Sao Paulo. From 1990 to 1995 he was director of the Lewis Center for Regional Policy Studies at UCLA. He formerly served as Associate Dean of the School of Public Policy and Social Research.

Fulong Wu (吴缚龙)

Bartlett School of Planning, University College London, London.

Fulong Wu is Bartlett Professor of Planning at University College London. His research interests include urban development in China and its social and sustainable challenges. He has recently published a book, *Planning for Growth: Urban and Regional Planning in China* (2015, Routledge). He was awarded 2013 Outstanding International Impact Prize by UK ESRC. He is an editor of *International Journal of Urban and Regional Research*. He has previously taught at Cardiff University and the University of Southampton.

Field trips

Tour option 1: Historical Town Zhujiajiao

Located in a suburb of Shanghai city, Zhujiajiao is an ancient water town well-known throughout the country, with a history of more than 1700 years. Covering an area of 47 square kilometres, the little fan-shaped town glimmers like a bright pearl in the landscape of lakes and mountains. Endowed with another elegant name - "Pearl Stream" - the little town is the best-preserved among the four ancient towns in Shanghai. Unique old bridges across bubbling streams, small rivers shaded by willow trees, and houses with courtyards attached all transport people who have been living amidst the bustle and hustle of the modern big city to a brand-new world full of antiquity, leisure and tranquility.

Tour charges: Entrance ticket 20 CNY per person, no other costs.

Time: August 17, 1:30pm-5:00pm

Assembling place: The Chairman Mao statue before Geography building

Tour option 2: Shanghai Inner city

Half-day tour of the Shanghai Urban Planning Exhibition Center, the inner city area, and the Oriental Pearl TV Tower.

Leader: Prof. Wei Xu

Tour charges: Entrance ticket of Urban Planning Exhibition Center 24 CNY per person, no other costs.

Time: August 17, 1:30pm-5:00pm

Tour 3: Suzhou

The one-day excursion will lead us to the city of Suzhou. Now a mere 30 min train ride from Shanghai and strongly dependent on the spill-over development from

China's biggest metropolis, its history dates back about 3000 years. As the centre of the Wu culture and Wu Kingdom and as an important trading city at the Grand Canal, Suzhou has historically been much more important than Shanghai. Due to a height restriction and exceptional conservation efforts, much of the historical urban structure can still be appreciated during a visit to the old town.

Our excursion will introduce this city through an understanding of its boundaries. These will include the border between Shanghai and Suzhou, the boundary between the old town and the booming new development zones, the historical city wall as the most visible border, and small-scale urban boundaries such as the gated historical gardens in the old town. The dual aim is to recognise and appreciate the unique character of Suzhou, but also to deepen the understanding of urban borders and contemporary Chinese urbanism.

Leader: Dr. Werner Breitung

Tour charges: 100 CNY per person, plus charge for meals.

Time: August 20, 8:30am-6:30pm. The trip will end in Suzhou at about 5:00pm and the group will be back Shanghai at 6:30pm.
